Task 2:

1x task text - HIDDEN MESSAGES	<p>HIDDEN MESSAGES </p> <p>Anonymous really seems to have access to all your data. Next, you actually find a picture of your chat with your dad about Leet-speak or 1337 from a few days ago. Furthermore, there is a picture of a message from an unknown number. And apparently there is a hidden message within. Surely this cannot be a coincidence.</p> <p>Find the hidden message in the text.</p> <p>CODE: _____</p> <hr style="border: 2px solid blue; width: 200px; margin-left: 0;"/>	□

Task 3:

1x task text - HIDE & ENCRYPT

HIDE & ENCRYPT

"Combination locks, passwords and encryption are directly related. If you understand the concept, you don't have to worry about your data being stolen. Learn to understand these encryptions, and you'll soon know what makes a good and secure password!"

Find the words that go with the pictures in the word search puzzle and decipher the password. But a password becomes really secure only if you encrypt it further. Use the leet characters to find the right code for the lock.
